## Savings for Hearing Program

Provided by:

## Helping People Hear Better

HearUSA is a network that provides hearing care delivered by qualified providers committed to delivering the highest quality services at discounted prices.

HearUSA providers offer a basic annual hearing assessment, including air conduction testing, bone conduction testing and word recognition measures, at a substantial discount. Members receive a full explanation of the findings of these hearing tests.

Additionally, your HearUSA provider will assist you in recognizing factors which may damage your hearing and they will provide helpful solutions.
